

CHAPTER SPONSORSHIP

Why Support the San Diego Green Building Council?

USGBC Chapters are the local voice of USGBC, and chapter leaders and members are the heart of USGBC's grassroots efforts. In San Diego County we have more than 500 active members representing a broad range of interests in sustainable buildings working toward our vision that:

OUR BUILDINGS AND COMMUNITIES WILL REGENERATE AND SUSTAIN THE HEALTH AND VITALITY OF ALL LIFE WITHIN A GENERATION.

Because it's Our Community

Support of the San Diego Green Building Council goes directly to support for our signature programs, like the Green Assistance Program which pairs Chapter volunteers up with local non-profits and community centers that want to green their buildings. In 2010, more than 35 long-term volunteers applied their knowledge of LEED to the benefit of local institutions. The Green Assistance Program of the San Diego Green Building Council provides the following benefits:

Additionally, in 2010 we have offered more than 3000 contact-hours of education at more than 50 events through the year. We are raising the bar on what our buildings and communities can become.

We are an independent community benefit non-profit, with just over 5 percent of our operating budget coming from National USGBC—we need your support to meet our mission:

INSPIRE, EDUCATE AND COLLABORATE WITHIN OUR COMMUNITY TO TRANSFORM OUR BUILT ENVIRONMENT TOWARD TRUE SUSTAINABILITY.
